A day in Sofía's kitchen · Preguntas 17 a 22

Two years ago, Sofía decided to cook all her meals at home, and she never buys fast food now, either. When she was a child, she ate a lot of fried snacks and candy. When she first changed her diet, she felt very tired. A nurse told her to eat beans and oranges to get more energy. Yesterday, she woke up early and had eggs and bread for breakfast at home before going to the market. She usually eats a big breakfast because she does not stop to eat again until the evening. In the afternoon she only drank a glass of juice while she worked. For dinner she cooked fish with rice and a few vegetables; she tasted a small piece while it was cooking and then ate the rest at the table, and she drank water with it. It is important to plan your meals.
